Thank you for your service.

FCPO-Canada is pleased to provide any Canadian peace officer with this special law enforcement officer edition of the New Testament.

In the New Testament, "gospel" is the translation of the Greek noun euangelion "good news," and the verb euangelizo, meaning "to bring or announce good news." Approximately two thousand years ago, the world received some "good news". It was the birth of Jesus Christ, so *"that the world through him might be saved"*. We have that most important good news in the Bible's New Testament.

Our [Project Sword](#) continues to offer to any serving Canadian peace officer the special law enforcement edition of the New Testament – "The NIV Peacemakers". We would be pleased to send this book to you. It's a great addition for your duty bag, briefcase, or breast pocket!

Order yours today by sending your name, mailing address,
